

EXPLORING NEW FRONTIERS: LEADERSHIP IN A CHANGING WORLD

MASC/MAHS FALL LEADERSHIP FORUM NOVEMBER 5 & 6, 2023 CRAGUN'S RESORT

STUDENT/STAFF WELLNESS

Sara Freauf from Work2BWell will be working with students and advisors creating Emotional First Aid kits and school response plans. She will offer a variety of resources to take back to schools and help empower students to take care of their wellness.

THE POWER OF "YES"

Clare Richards, CEO of Impacks, will share how powerful the word "Yes" can be for students. Success in and out the school can be achieved by taking opportunities that are presented and saying YES!

THERAPY ANIMALS

Students will have the opportunity to interact and enjoy therapy animals on Sunday to encourage wellness and see how these animals can make an impact!

IDEA FAIR

The idea fair will be led by students from across the state sharing their best projects, activities, and service ideas. Attendees will vote for their favorite ideas and two projects will earn (one) 1/2 off registration for the state convention and a gift card for the presenter!

WELLNESS ACTIVITIES

Throughout the conference there will be many opportunities for students to learn and practice a variety of wellness activities. These will be easy activities and ideas to bring back to their school and use during the year.
